# Aurora Borealis

## 北极光

Russian winters are harsh yet extraordinary beautiful. And it's the land above the Arctic Circle where winter's transformational effects are most keenly felt. The Kola Peninsula is home to people and animals who survive and thrive despite the chilling temperatures. The Northern Lights in Russia tour shows you two sides to life in the Russian Winter, from the grandiose cities of Moscow and Saint Petersburg to the polar landscapes of the remote Kola Peninsula.

俄罗斯的冬天是非常严酷却又很漂亮的。这也是北极圈之上冬季的变化最为活跃的地方。尽管气温很低，人类和动物还是能在这科拉半岛生存着。俄罗斯的北极光表现了两面俄罗斯的冬季生活，从莫斯科和圣彼得堡的宏伟城市到偏远的科拉半岛的极地景观。

## Moscow

### 莫斯科

Moscow is the 869 year-old capital of Russia. An iconic, global city, Moscow has played a central role in the development of Russia and the world. Architectural gems from the time of the Russian Empire are still dotted throughout Moscow, whilst signs of modern Tsars (or at least people with similar levels of wealth) abound.

莫斯科是俄罗斯869岁的首都。一个标志性，全球性的城市，莫斯科在俄罗斯和世界的发展中发挥了核心作用。俄罗斯帝国时期的建筑精髓仍然遍布整个莫斯科，而现代沙皇（或有类似财富的人）的比比皆是。

## Saint Petersburg

### 圣彼得堡

Saint Petersburg is one of the most breathtakingly beautiful places on earth and virtually any building in the large historic centre, threaded with canals dotted with baroque bridges, can be considered an attraction—and indeed, it is a UNESCO World Heritage site. This is a magical city, with a long list of major attractions.

圣彼得堡是世界上最美丽的地方之一，几乎所有大型历史中心的建筑物，用巴洛克式桥梁点缀的运河，都可以是一个著名的景点。圣彼得堡也被联合国教科文组织列为世界遗产。这是一个神奇的城市，有无数著名的景点。
